SW Battery Cables

SunWize®

Battery Cables

SunWize high quality battery interconnect cables are the best value available featuring xtra-flex, multi-stranded copper cable - rated 105°C degrees, 600 volt, (UL) type MTW/THW, CSA -TEW. All cables are assembled with large, tin-plated copper lugs for 3/8" bolts, double crimped and heat sealed with color coded melt wall tubing, ensuring long life. Maximum conductor ampacity in free air: 4AWG=120A, 2/0=265A, 4/0=360A. Other lengths available.

BATTERIES

SW Inverter to Battery Cables

Inverter to Battery Cables

Pre-cut and crimped, UL rated cables reduce system installation time, improve system integrity and assure code compliance. These flexible cables are made with ring terminals and color-coded heatshrink. NEC rated in conduit for 230 amp (#4/0 AWG). 175 amp (#2/0 AWG) and in free air for 360 amp (#4/0 AWG) or 265 amp (#2/0 AWG). Cables sold as pairs.

Model	Description	MSRP
IBC10-2/0	10 feet, red and black heatshrink	\$118.00
IBC10-4/0	10 feet, red and black heatshrink	\$145.00
IBC15-2/0	15 feet, red and black heatshrink	\$154.00
IBC15-4/0	15 feet, red and black heatshrink	\$205.00

SW Battery Hardware Kit

Battery Terminal Hardware Kits

SunWize battery hardware kits are necessary for connecting cabling to battery flag terminals. Kits contain two bolt sets of high quality, stainless steel to eliminate corrosion. Each bolt set consists of a hex head screw, flat washers, lock-washer and hex nut.

Model	MSRP
1/4-20 x 1"	\$1.35
5/16-18 x 1"	\$1.75
3/8"-16 x 1"	\$2.00
