

SunWize LPS Roadway Fixture

SunWize® 'SRX' LPS Roadway Fixture

Low Pressure Sodium (LPS) light fixtures are useful for roadway, security or area lighting. These constant-output LPS lamps produce monochromatic (yellow-orange) light, delivering the highest lumen per watt rating, even in freezing climates. Outdoor fixture housing is corrosion resistant, die cast aluminum for 2" pipe-arm mounting with hinged unbreakable prismatic lens. Designed for DC operation. Includes DC ballast and SOX type-LPS 35 or 55W lamp.

Model	DC Input Voltage	Current Draw	Lamp Wattage	Approx. Lumens	Dimensions	Weight (lbs)	MSRP
SRX-LPS 35	12V DC	3.0A	35	4800	27" x 7.5" x 9"	10.0	\$470.00
SRX-LPS 55	24V DC	2.0A	55	8000	27" x 7.5" x 9"	10.0	\$529.00

Low Pressure Sodium Lamp

Lamps - Low Pressure Sodium

Model	Watts	Lumens	Base	Length	Average Life	MSRP
SOX-35	35W	4800 lumens	T17	8.5" long	16,000 hours	\$58.00
SOX-55	55W	8000 lumens	T17	12.2" long	16,000 hours	\$99.00

LPS DC Ballast

DC Ballasts – LPS

Energy efficient, long life, solid state electronic ballast for use with SOX-LPS lamps.

Model	Wattage	Voltage	Current	Dimensions	Weight (lbs)	MSRP
DCB-SOX35	35W	12V DC	3.0A	1.5" X 1.5" X 5"	1.0	\$85.00
DCB-SOX55	55W	24V DC	2.0A	1.5" X 2.5" X 9"	2.0	\$105.00
