

*Fluorescent Solar Lantern*

### ***Outdoor Solar Lantern-Fluorescent***

The popular hanging lantern design is perfect for camping or emergency lighting. Durable molded plastic is waterproof and self contained with a sealed battery and dual 6 watt lamps. Features a one or two lamp selection switch, 3 watt solar module with cord/plug, 115 VAC adapter and charging LED. Built-in circuitry prevents battery overcharge and over-discharge. Solar panel packaged separately. Models for export (230VAC adapter) available.
